IUFOST-Japan

7th IUFOST-Japan Webinar on Egg Science (From perspectives of functionality and sustainability)

Date : 15 March, 2023 (Fri) 15:30~17:45 (JST)

Organizer: IUFOST-Japan

Supporter: IFT ジャパンセクション (Institute of Food Technologists Japan Society)
タマゴ科学研究会 (The Japan Egg Science Society)

Chair: Yasuki Matsumura, Masaaki Kunou, Masatsune Murata

Cochair: Kentaro Matsumiya

Program

- 15:30-15:35 **Opening Remarks** Yasuki Matsumura (President of IUFOST-Japan and Chair of Board Directors of The Japan Egg Science Society)
- 15:35-16:15 Chair: Yasuki Matsumura (President of IUFOST-Japan and Chair of Board Directors of The Japan Egg Science Society)
Recent advances in egg white gelation
Akihiro Handa (Tokyo Denki University, Japan)
- 16:15-16:55 Chair: Masatsune Murata (Board member of IUFOST-Japan and Immediate Past Chairman of IFT Japan Section)
Value-added utilization of egg materials – Enzymatic hydrolysis and activity research on eggshell membrane –
Xi Huang (Huazhong Agricultural University, China)
- 16:55-17:00 (5 minutes) Break
- 17:00-17:40 Chair: Masaaki Kunou (Board member of IUFOST-Japan and Chairman of IFT Japan Section)
Current status of development and safety evaluation of cellular foods
Megumi Avigail Yoshitomi (Japan Association for Cellular Agriculture, Japan)
- 17:40-17:45 **Closing Remarks** Masaaki Kunou (Board member of IUFOST-Japan and Chairman of IFT Japan Section)
