

IUFOST-Japan

# 11<sup>th</sup> IUFOST-Japan Webinar on Food Science and Technology

## Commercialization Based on Food Engineering

Date: March 17th, 2026 (Tue) 15:00 - 17:55 (JST)  
(Online, Zoom webinar)

Hosted by IUFOST-Japan and The Japan Society for Food Engineering (JSFE)

Organizer: Atsushi Hashimoto and Kazutaka Yamamoto

Co-organizer: Yasuki Matsumura, Kentaro Matsumiya

### Program

- |             |   |
|-------------|---|
| 15:00-15:05 | Opening Remarks<br>Yasuki Matsumura (President of IUFOST-Japan, Kyoto Univ.)  |
| 15:05-15:45 | Advancements in Food Processing from Conceptualization to Commercialization<br>Soojin Jun (University of Hawai'i)   |
| 15:45-16:25 | From Innovation to Scale: Food Engineering Approaches for Alternative Protein Foods<br>Roman Buckow (La Trobe University)   |
| 16:25-16:30 | break   |
| 16:30-17:10 | Commercialization of Foods Processed by High Hydrostatic Pressure; Difficulties and Trends in Japan<br>Kazutaka Yamamoto (IFR, NARO)                                    |
| 17:10-17:50 | Emerging Process Technologies for More Sustainable Protein-rich Food and Feed: Insights from International Public-private Partnerships<br>Alexander Mathys (ETH Zurich) |
| 17:50-17:55 | Closing Remarks<br>Kazutaka Yamamoto (IFR, NARO)  |
